ORIENTATION 1988

1991 Orientation

The class of '95 arrived at orientation on August 18, 1991. They were in for a lot more than they expected. Of course they "had it easier than ever before" and were "the worst class of slackers yet." The class came in with the storm. The evacuation for Hurricane Bob only made things worse. No electricity, no set schedule, and total frustration. They escaped any true four corners and hazing, but the upperclass still found plenty of ways to sternly get their point across. The discipline was still eminent. This class represents a new image for the academy. New uniforms, a new admiral, new policies, and the largeness of the class are all improvements that are keeping the academy in step with the rest of the world. Also, the school had a special inspection by Mr. Zachary Fisher.

In the competitive events, 4th Company took the Admiral's Cup. 6th Company was awarded the best marching group award. The Trustees' award was won by the spirituous 5th Company. The Commandant's Award was tied for by 2nd and 3rd Companies.

"Are you smokin' and jokin' in there?"

"You embarrassed me in front of my superiors!"

"Drop."

"Beat your face."

"Think soccer. 110% soccer."

"Don't eyeball me!"

"Six inches from the bulkhead."

REGIMENTAL MARCHING BAND

Dear MMA Band,

It has been a most interesting year. Between the parades, the practices, and the jazz functions, we were kept very busy this year. Despite this, you all excelled and never ceased to try your best to help; you helped me a great deal with your willingness and devotion to the organization. Thank you. I will remember all of you, and wish you all the best in your future endeavors. In particular, I owe a great deal to Mr. V, Mark, Eric, Chris, and all the volunteering Jazz Band members of Cruise '92 - I could not have done it without you.

Good Luck (and go easy on Mark, Ray, and Stacie next year). Before I leave, however, I am going to leave you with some useful advice:

a) Freshmen shouldn't walk into 00 Deck showers in use.
b) If you live in an 00 Deck room, there will always be a 4/c Messenger around when you walk out in your underwear.
c) For God's sake - DON'T be a cruise Rate!!!
d) There IS a Black Hole in the band room that sucks up Pete's music (I've seen it!)...
e) and, of course, Nobody expects the Spanish Inquisition!

"Speed is life." -anon.
"Take calculated risks. That is quite different from being rash." -Gen. G.S. Patton

Bye!

LOONEY '91

B.O.H.I.C.A. '92

Our first cruise brought us across the Equator. Pollywogs on board included most of COMCAD and most of the cadets, but later that day, after crawling on our knees, being smothered in Captain Murphy's belly, and chased by Captain Bushy's paddle, shellbacks were born. We were on a high. We were going to Rio. NOT SO!! Many days at sea we chanted loudly to Captain Gibbons, "Where are we going?"

Curacao was the answer. The "Bridge" there disagreed with Captain Bushy, and the "Casino" disagreed with Captain Gibbons.

It was a memorable cruise, with memorable ports. Despite scullery duty and 4/c watches we prevailed.

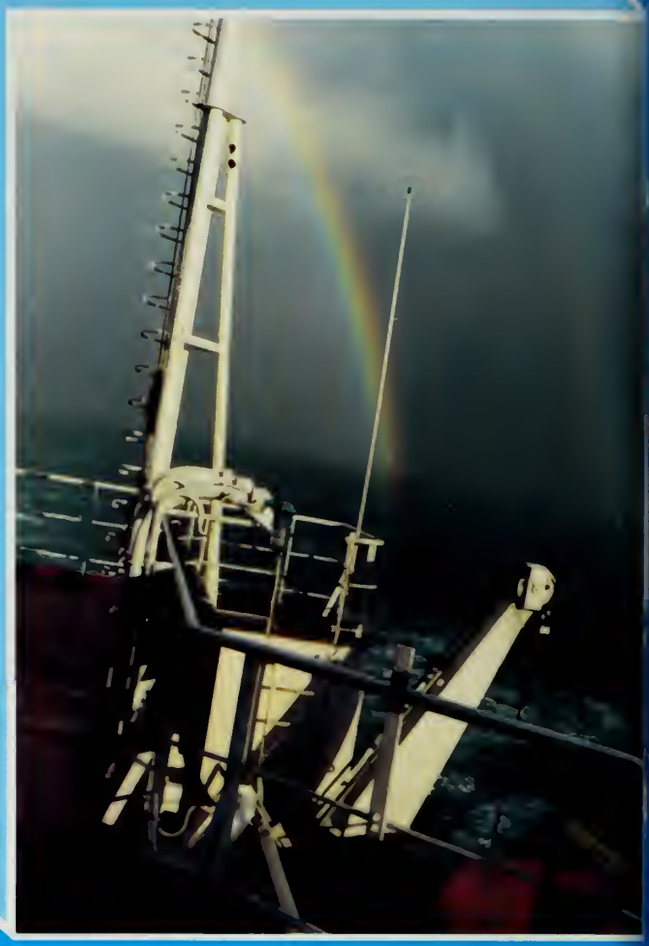
CUTBACK '90

Well, this cruise may not have taken us where we had originally hoped, but we still had a chance to head for the warm days and exciting nights down south. Tampa brought us the luxury of the warm Florida weather. New Orleans showed us the Cajun way of having fun, and Paradise Island broke us all in Nassau. Just remember the false alarm at 0100 off Dry Tortugas, the fire at the Cat's Meow, and our two arrivals into Nassau. It might not have been long, but it was fun while it lasted.



LOONEY CRUISE

'91

Looney Cruise definitely fits this cruise. No one will ever forget our small detour to Miami, or the Navy ship delaying our departure from New Orleans, or the DIW for half a day, or our sudden stop in B-Bay. Even with all that we had a fun time, especially at the Cat's Meow, Rum Runneres, and Hooters. New Orleans hadn't changed much — still as good a party city as it was when we left. Curacao offered great beaches and cheap beer. Bayside and Miami Beach were the highlight of Miami. It was a good cruise for different reasons none of us will forget.

This year the T.S.P.S. set sail as the "Flagship of Massachusetts' Economic Development," and the Regiment went along as well. The first disappointment was the loss of the warm port of Tenerife in the Canary Islands, which resulted in a sixteen-day stretch at sea and an anchoring at the Bay of Gibralter.

Once we got to port, the trip improved. Admiral Cressy joined us in Italy and stayed until Spain. Due to every cadet's favorite trade show and the Admiral's contacts, many extra trips were provided. Italy was full of travel to Pompei, Rome — to see the Pope — and Mt. Vesuvius. Barcelona was a beautiful city with lots of Olympic sites to be seen and some really great bands playing in the subway. Lisbon was our last chance to go out on the town, so many lived up this port to the fullest extent, aided slightly by the fact that it was also the cheapest.
